I enjoyed this part of the collaborative peer observation...	
I have learnt this from my colleague...	
What I have learned about my practice is...	
I will consider the following changes to my practice...	
This is because...	
The reading materials to support this process were useful because...	
I can recommend this article that will support this process...	

The actions I will take for future development are...	
I would like further development of...	
In future I would like this added to the process...	
I don't think this is necessary as part of the process...
